WASHINGTON LETTER

If the corrupt practices act is not to be voted upon at this session of Congress the Gallinger amendment to that measure will likewise fail of action. But both the bill and the amendment will be in evidence when the new Congress convenes; and it is possible that the Gallinger amendment will have a life of its own apart from any bill. The subject of Southern representation in Congress and in the electoral college is the most important question of political interest in the country today. It has been made acute by the results of the recent election, wherein a swollen and illegitimate electoral vote has been secured for the Democratic party in defiance of the constitution. Such conditions cannot endure or be endured. The Gallinger amendment points the way to cure them.

Poindexter Alert

The first real step to test the opinion of the country in the latest German crisis came, appropriately enough, from a Republican senator, representing a Pacific Coast state and thoroughly imbued with the spirit of progressiveism which the Republican party stands for. Senator Poindexter's proposal for the immediate construction of a hundred additional submarines went directly to the heart of the situation and met the issue of the German plan in terms of adequate preparedness. The fate of the proposal rests, of course, with a Democratic majority; but there is no question that Senator Poindexter voiced the active opinion of the nation in advacating a speedy increase of our submarine force in the face of a situation which brooks no delay.

One Controversy at a Time

The anti-alien land bills in the legislatures of Idaho and Oregon will not be passed. The determination of this country, in every state of the union, is to do nothing which will add to the gravity of our international relations. That these bills are within our rights and that they are no more drastic than the existing statutes of Japan, against whose subjects they are chiefly aimed, is not to be questioned. But there are times when to do all the things which are a nation's of right leads to consequences which are unthinkable. This is one of those times. Whatever of irritation and of aggression may come now should come from the other side .

How Canada Celebrated

Canada celebrated the Democratic victory in the 1916 election by sending us $27,000,000 worth of her goods during November. That made the total of our imports from our northern neighbor for the first 11 months of that year $213,500,000, an increase of $53,000,000 over the 1915 period, $62,000,000 over the 1914 period, and $38,000,000 over the 1913 period ,nine months of which was under the Republican protective tariff law. It looks as if the Wilson-Underwood law has been good pickings for the Canucks, but their gratitude will never reach the point where they will permit our products to enter their market at anything lower than protective rates. It is a one-sided affair, particularly hurtful to our farmers, who, in their excitement over war profits, are apparently unconscious of the shin-skinning which Canada is giving them. The war can not last indefinitely, but Canada's sales to us after the war will, under the present tariff policy, be limited only by her own desires and ability to produce. Are we going to prepare for competition with Canada and other countries before this war jag is over, or postpone tariff revision until a post-war depression has put our industrial liver out of whack?

Favors Higher Standards

The motion to pass the immigration bill over the president's veto received no more enthusiastic support in the house than was contributed by Congressman Roscoe C. McCulloch of Ohio, who by his voice and vote did all in his power to condemn the president's action. He believes that the greatest good that we can gain from immigration is to have the immigrants willing to become American citizens. "In this day and age," said he, "the immigrant who has not learned to read and write 30 words in his own language is not likely to begin to qualify himself in literacy after he reaches this country." Representative McCulloch did what he could to assist in the original passage of the bill, and the criticisms of the president have failed utterly to cause him to change his views.

Would Exempt Life Insurance

Congressman P. Davis Oakey of Hartford, Connecticut, "the great home of life insurance," is being flooded with protests against the provision in the Democratic revenue bill taxing policy holders in life insurance companies. Mr. Oakey favors amending the bill so that such companies shall be excepted from its provisions, at least those which conduct a mutual business Such an amendment, however, was defeated in the house bya vote of 133 to 171, meeting the fate of all other amendments which had not received the approval of the Democrats who had framed the measure

South Forces Sectionalism Issue

Congressman Augustus P. Gardner of Massachusetts deprecates the raising of the cry of sectionalism by certain Democrats who insist that the North should pay most of the taxes because of the larger share of appropriations which, they claim, is given that section of the country. Mr. Gardner, however, is not a man who avoids a fight on the plea that he is not prepared for the conflict. He calls the attention of the southern Democrats to the fact that if congress performed its duty under the fourteenth amendment to the constitution it would reduce the representation of the south in congress and the electoral college. "If you want to force this talk about sectionalism," he emphatically declared, "that it what is going to happen." In the opinion of Mr. Gardner the Democrats in the north will not support their part associates in the south when that time comes, but will join with other northerners in forcing obedience to the terms of the constitution.

COUNTY SUPERVISORS

The Board of Supervisors met in regular session, Tuesday, February 13, at 10 a. m., there being present Dr. C. V. Thompson, presiding; T. L. Hickey, Wm. H. Brown, John MacBain and Jos. M. Francis.

The report of County Auditor J. J. Shields showing the aggregate amount of allowances that can be drawn against the several funds of February, was read and ordered filed.

A number of claims of the Fifth Township, allowed at a previous meeting of the board, were ordered referred to County Auditor J. J. Shields by Chairman Thompson.

Joseph A. Roza, a citizen of Redwood City, filed two protests with the board, one against the payment of the charge made by District Attorney Franklin Swart for expenses purported to be incurred by that officer in the performance of his duty, and amounting to $63.50; the other against the payment of the salary of Miss Pitcher, the stenographer, and typewriter in the office of the district attorney. Both protests were ordered filed.

The list containing the names of 100 trial jurors, as handed in by the supervisors from the five townships, was accepted, on motion of Brown, seconded by Hickey.

The report of Miss Anne Bell Bailey, county librarian, showing expenses for the month of January amounting to $149.93, was received and ordered filed.

An application of Cavali Bros. of La Honda for a class "A" liquor license was received and given its first reading.

District Attorney Swart presented the proceedings relative to the election held last month in the Belmont school district which was carried, to raise $18,000 bonds to purchase a new site and erect a new school building.

A resolution ordering the sale of the above bonds and calling for bids for same to be opened March 5th, was adopted on motion of Brown seconded by Francis.

County Tax and License Collector A. McSweeney appeared before the board and stated that he was receiving numerous complaints and protests from business men of the county ,especially in Menlo Park, against the invasion of outside dealers and peddlers, who were soliciting and selling their merchandise in the county without paying the license of $250 as required in section No. 204. He asked the board to take some action toward enforcing the ordinance.

On motion of Francis seconded by Brown it was ordered that McSweeney proceed to enforce the ordinance by securing the arrest of all violations of same.

Supervisor MacBain asked that a committee including Surveyor Neuman, be appointed to visit the summit of the old La Honda road for the purpose of ascertaining the feasibility of connecting the above road with the new La Honda highway.

The above committee was ordered appointed, on motion of MacBain, seconded by Hickey whereupon Chairman Thompson named Supervisors MacBain, Francis, Brown and County Surveyor Neuman to act.

On motion of MacBain seconded by Brown County Surveyor Neuman was instructed to lay out the uncompleted portion of the summit road between the Halfmoon Bay and the Kings mountain road.

Chairman Thompson called attention to the need of a new concrete culvert at Cascade creek in his township.

On motion of MacBain seconded by Francis, County Surveyor Neuman was instructed to prepare plans and specifications for the above and have same ready at the next meeting.

Surveyor Neuman addressed the board in reference to the contract on the new summit road. He stated that he had heard that the contractor did not intend starting the construction of the road until after the first of March. If this were the case, he thought the contractor should be instructed to start before that time.

On motion of Brown seconded by Hickey the county surveyor was instructed to notify the contractor on the above road to start the work immediately.

District Attorney Swart addressed the board in reference to the automobile fines that had been collected by J. M. Custer, city recorder of San Bruno and which had not been turned into the county auditor, as required by law.

Swart stated that he did not believe the supervisors could enforce the payment of the claims, inas much as he believed the law could be proven unconstitutional on account of its unfair nature . He said he believed a suit brought by the county against Custer would be a waste of money and would get no results.

District Attorney Swart presented a petition signed by Oscar Woolsey and E. E. Gray of Colma asking for permission under county ordinance No. 250 to keep hogs on the Zanoel ranch two miles southwesterly from the town of Colma. The petition will be acted upon at next meeting.

The board allowed the regular monthly claims that were presented on motion of Brown seconded by Hickey.

The claims of District Attorney Swart and Miss Gertrude Pitcher against which protests were filed by Jos. A. Roza earlier in the morning, were laid over until the next meeting of the board on motion of MacBain seconded by Hickey.

A claim of Hensley-Green Company of San Bruno for $31.50 for rent of a building used in that city as a jail was rejected on motion of Brown seconded by Francis.

On motion of Brown seconded by MacBain a claim of Jos. A. Roza amounting to $23.50 and being for alleged traffic officer services was rejected without prejudice.

On motion of Francis seconded by Brown it was ordered that the sum of $3476.21 be transferred from the general fund to the Halfmoon Bay-Crystal Springs road fund.

The board adjourned at 12:15 p. m. to Monday, February 19.

BRIDGE FOR AUTOS ACROSS SAN FRANCISCO BAY

A bridge across the bay from Dumbarton Point to the opposite shore, giving San Francisco, Redwood City, Palo Alto and the entire peninsula country direct connection with the great San Joaquin and Sacramento valleys, in accordance with the plan advanced by the Dumbarton Highway Bridge Association, is a scheme that deserves the deepest attention of any one interested in the development of the great bay and valley sections of California. This is the day of automobiles and rapid transit other than by rail.

Here is an opportunity to put San Francisco on the mainland, to supply the link that perfects California's great road system. This proposed bridge for vehicles will do for the San Francisco side of the great bay what Harriman planned—make it part of the mainland. His mind ran to rails because there was, in his day, no such development of the auto-traffic, as today presents. He always said that San Francisco should be the real western terminus of continental travel. Here is the opportunity to make it a real terminus, with bitumen instead of steel. The rails have already been laid.

The proposed bridge has been endorsed by the Realty Board, the Civic League of Improvement Clubs and the Down Town Association of San Francisco, by the boards of supervisors of San Francisco and San Mateo counties, by the Auto Dealers Association of San Francisco and the California State Automobile Association, and by the chambers of commerce of San Francisco, Redwood City, Palo Alto, Newark, Centerville, Niles and other cities. With twenty-five per cent of the population of the state, the section in question has received one per cent of the state fund for highways. The proposed bridge shortens the distance between San Francisco and Sacramento, as well as Stockton and San Joaquin valley points southward, seventeen miles compared with the poor dirt road via Alviso, and thirty-four miles compared with the state highway via San Jose. Dwellers in Sacramento, El Dorado and Amador counties and in the San Joaquin valley could use this proposed bridge when going to and from San Francisco, and neither pay the ferry tolls across the bay nor make the trips around its southern extremity. Traffic officers estimate that between 25,000 and 30,000 automobiles will use this bridge every week.—Selma Enterprise.

ABRAHAM LINCOLN

Monday was the anniversary of the birth of Abraham Lincoln. He was born February 12th, 1809, in a cabin on the Kentucky frontier.

It is good to celebrate the anniversary of the birth of this great American. In all history there has been no other just such a man as he: the services he performed for his native land and for humanity are inestimable, and the inspiration of his life will endure forever.

It was as though the powers that govern were determined to demonstrate that inherent greatness might come out of the direst poverty; that there was a greatness that might emerge from squalor, superior to any nursed in the schools; that in our own free land it was possible for one of the lowliest origin to rise from such conditions and scale the heights; and that such a mortal, who even in the cradle was consecrated to a life of sorrow and poverty and almost degradation, might still put on and wear the garments of immortality.

Because Abraham Lincoln lived, the poor American boy has the right to hold a hope of renown, a dream of making for himself a place to last in history forever; and his whole life was an example that absolute integrity and the absence of all false pride are the highest essentials to draw to a man the veneration of all the world.

LENNON FOR SUPREME JUSTICE

The Redwood City Times-Gazette in a recent issue contained a lengthy editorial advocating Judge Thomas J. Lennon, presiding judge of the appellate court of the first district, for the position of associate justice of the supreme court. It is understood Judge Henshaw and Judge Lorrigan will not be candidates for re-election and that Mr. Lennon will seek one of those places. Judge Lennon is one of the ablest and one of the best known jurists in the state. He is popular with all classes and would be certain of election should he desire a place on the supreme bench.—Santa Cruz Sentinel.

MACHINE GUNS MOUNTED ON MOTOR CYCLES

A machine gun company has been organized at Columbia, Mo., with the idea of having the entire company mounted on motorcycles. Among the Harley-Davidson riders who have enlisted are many professional and business men including bankers, architects, members of the city engineer's staff, doctors and professors in the University of Missouri.

GOVERNMENT COIN REACHES REDWOOD

$100,000 Contract for Magnesite Steam-Pipe Covering Won For Grunwald Patents

Redwood City is feeling the beneficial effects of government coin which is to come here in goodly quantities during the year and this means more work for toilers, more money for the merchants and spells prosperity for Redwood City. Last week the navy department awarded a contract to the National Magnesia Manufacturing Company of this city for asbestos to cover the steam pipes of the war ships of Uncle Sam for 1917. The government some time ago asked for bids for the work and the local concern was the lowest, although there was a keen competition for the big contract by all the large concerns of the East and other places of the United States. The company has a new invention by which this class of work can be turned out cheaper than by any other method and that is one of the reasons the contract came to Redwood City, then too, the quality of the material manufactured by the local company is far superior to that of any other manufactured in this country. This was also taken into consideration by the government in awarding the contract. The National Magnesia Manufacturing Company empolys fifty men, paying them big wages and this force will be materially increased by the extra work and the capacity of the plant is also to be inlarged. The stipulated price of the contract is over $100,000, this with the big contracts received from other sources will tax the capacity of the local institution which finds some difficulty to fill all the orders it is receiving. The concern is destined to grow and become one of the big manufacturing plants of the peninsula, it has the product, the money and the market and is sure to become one of the big successes of the state. Mr. Grunwald, the popular superintendent, is a live wire, giving every detail of the work his careful attention in the management of the plant. From this time on there will be increased activity there, and soon Uncle Sam will begin to pour into Redwood City his precious metal.

RESIGNS COUNTY COMMITTEE

E. E. Skinner, who recently sold his attractive home at Burlingame and moved away from the county has sent his resignation to R. F. Chilcott as chairman of the county Republican central committee. A meeting of the committee will soon be called to act on it. Mr. Skinner writes to the Times-Gazette as follows:

"Mr. D. E. O'Keefe, Redwood City, Cal. My dear Mr. O'Keefe:

"I am sending my resignation as chairman of the county committee to Mr. Chilcott. I regret this step becomes necessary. I wish to thank you for your many courtesies during the term of my association with you on that committee.

"While we have not been too often successful in our desires for the political control to be placed in the hands of the Republican party I have never once failed to feel that we were in the right in our desire to see the greatest good come to the greatest number.

"With kind regards, I am, very sincerely yours, E. E. Skinner."

MR. FINKLER'S LETTER WINS

H. G. Finkler received a letter from Secretary of the Interior, Franklin K. Lane, during the week saying that he had received his letter of January 31 urging the plan to establish the aero base at Redwood City. Mr. Lane said he had taken the matter up with the war department and would use his best efforts to have the base established at Redwood City. This is certainly encouraging news for Mr. Lane's influence at Washington will go a long way toward securing the coveted prize for this city. Mr. Finkler deserves the thanks of the people of Redwood City for his earnest interest in this all important matter.

PRICE TAKES RISE ON STAMPED ENVELOPES

The postoffice department has announced an increase in the price of stamped envelopes of 43 cents per 1000, to become effective immediately. This gain is attributed to the constantly rising price of paper. The price of the ordinary size, No. 5, for 1 cent postage is $11.60 with printed corner or $11.32 unprinted. The same size, but with a 2-cent stamp, sells for $21.60 printed or $21.32 unprinted.

The famous mule team is the one used by Borax Smith in hauling borax from his Death Valley mine. Everyone will no doubt be anxious to see the mules.

The Christofferson plant here is soon to be reorganized. It is understood that M. Fleishhacker and Dr. Hunt are to take over the institution and are going to revive it. They will spend large sums of money on the plant, equipping it so that aeroplanes of every make may be manufactured here. The government is prepared to award contracts for a large number of air machines.

Prior to her departure for Los Angeles last evening, Miss Adeline Simmins was the incentive for a jolly dinner party given in San Francisco. Murray, a corps of competent men are engaged at Dumbarton digging dikes and preparing for a strong campaign against the little insect.

FISH PRICES TAKE BIG DROP ALONG CITY FRONT

When members of the trust fall out, the people usually come by their own. The people of Redwood City are now enjoying free fish because the Italian fishermen who come up the creek with boat loads of herring and sell them at the flood gates on Broadway, and who are members of a trust, have fallen out, and they are giving their fish away. Yesterday the feud began. Two boat loads of herring anchored at the wharf on Thursday. Both owners of the boats sold herring for ten cents a dozen and got along nicely. Yesterday one of the rival fishermen began disposing of the fish at five cents a dozen. The other at once began giving his catch away. The men came to blows and a fist fight ensued. They were separated by bystanders. The aggressors, M. Marzoos, aged 19 years, was arrested by Deputy Constable Joe Roza and taken before Judge Seely. The irate fisherman was fined $25 for his belligerency and paid it, going on his way a much sadder but a wiser man.

Wilhelmina Haussler has applied in the superior court for letters of administration upon the estate of Minna Spoerl, who died in Redwood City on January 5, 1917. The estate consists of an undivided one-half interest in a portion of block two, Sweeney Addition to Redwood City, said interest being valued at $1,500, undivided half interest in lot 58 with improvements on Main street, Redwood City, said interest is worth $1,000; a promissory note valued at $4,000; five sharese of the San Mateo County Building and Loan Association worth $1,000; personal property consisting of household furniture and cash in bank, the amount of which is unknown to petitioner. The entire value of the estate does not exceed the sum of $9,500. The petitioner is the only heir at law. She is the mother of decedent. Henry W. Walker is attorney for the estate.

Judge Buck has admitted the last will and testament of Charles A. Ardin to probate. The question of who shall administer upon the estate will be decided next Friday when the petition of Edward Armstrong and the petition of Dr. W. A. Brooke will be heard. Charles A. Ardin died at Rockaway Beach some time ago. He left a will scratched on a small slip of paper giving his estate to his friend, Edward Armstrong, who cared for him during his late illness. Armstrong paid no attention to the will thinking that there was no estate. Lately it developed that Ardin had several thousand dollars in a San Francisco savings bank. Armstrong at once filed the will for probate. The public administrator claims the right to administer upon the estate, in as much as the will is not dated.

GEORGE BETTIN AT HONOLULU

Many Attractions of the Islands Told in Pleasing Style for Times-Gazette Readers.

George Bettin, formerly of Redwood City, who is a teacher in Mills School, Honolulu, writes the Times-Gazette as follows: "I enjoy my school work very much and am very enthusiastic about Honolulu. This is the land of perpetual summer. I dress in Palm Beach clothes always and swim every day at the beach at Waikiki. It's all bosh about the 'Dusky Maidens' there. The young ladies are as pretty and as refined as they are in our own beloved California." Concerning the volcanos of the Hawaiian Islands, Mr. Bettin gives the following interesting account:

There are eight inhabited islands in the Hawaiian group. All of these are of volcanic origin. The oldest island is that of Kauai, and the youngest, Hawaii. Hawaii has two active volcanoes remaining Hawaii is the largest island, containing 4015 square miles and is a little larger than the state of Connecticut.

The two active volcanoes are Kiloued and Mokuaweoweo. Kilauea is especially active just now—more than it has been in a great many years. This is the one I visited just after Christmas. It is a little over thirty miles from Hilo near the southeast coast of Hawaii. It is on the slopes of Mauna Loa ,a mountain 13,675 feet high, 4,000 feet above sea level.

Kilauea crater is about three miles long and two miles wide. It is the largest active volcano in the world. The active part of the crater is called Halemaumau, meaning "House of Fire," and is three miles across the lava bed from the Volcano House. There is a good road down to the pit. The pit is about one thousand feet in diameter and almost a miles in circumference.

The level of the lava in the pit varies at different times. At the present writing it is but fifty feet from the top and is rising at the rate of two to four feet a day. When I was there it was 107 feet from the top. There is no risk to any person in visiting this volcano as it is not the kind that explodes without warning. It seems to me that this volcano is simply burning itself out and will, in time, become extinct. Within a radius of twenty miles, there are at least twenty such pits which are now extinct. The temperature of the lava was taken a day or so ago and was found to be 1010 degrees.

Looking down from the brink you see a grand sight, especially at night. You seem fascinated and can spend hours watching the different fountains play. Around the edge of the lava, a ledge has formed so that the moving lava is further out. An island 60 feet high and about 150 feet in diameter has also formed in the center of the lava lake. This is known to be floating on the surface and probably will collapse in time.

Around this ledge and islands immense fountains of lava play from time to time, shooting up as high as fifty feet. The lava lake is never at rest, first one side then another is in violent action .The lava seems to flow from one side to another at different times. The top of the lake cools and becomes black at night. As the lava flows, large, flowing, red cracks appear almost instantly. Large fountains start at times in the center of the lake and travel hundreds of feet before dashing themselves out on the island or ledges.

I saw the grandest sight of all on New Year's eve. On one side there appeared to be a great hole into which all the lava in the lake was pouring in a Niagara of fire. With the aid of glasses this was brought very close so nothing was missed. This flow continued for over an hour when a great piece of the island broke away from the main body and floated over the hole, plugging it up. There seems to be too few words that can adequately describe it.

At all times there is a great cloud of steam and sulphurous smoke rising. When on the leaward side of the pit, it is rather hard to breathe.

There are many other things to see and explore around this interesting crater. Many days may be spent in profitable sightseeing and study. When you come to these islands, do not miss the volcano of Kilauea.

SUPERVISORS BACK McSWEENEY

County License Ordinance No. 204 Relating to Outside Vendors To Be Strictly Enforced

Tax Collector A. McSweeney was directed by the board of supervisors on Monday last to enforce county ordinance No. 204 which imposes a license on business concerns making deleveries in San Mateo county.

McSweeney called the board's attention to the fact that local business concerns are paying a license, but that firms outside of the county are making deleveries here and not paying the license provided for in the ordinance. He said that two years ago he sent copies of the ordinance to all the constables in the county, hoping that they would enforce the ordinance, but that no action was taken.

McSweeney said on a recent visit to Menlo Park, where he went to collect licenses from the local merchants, much complaint was made of the Palo Alto concerns which were delivering goods and soliciting orders in Menlo Park without paying any tax whatsoever. He said it was unjust to the local business people to make them pay a license and let outsiders solicit and deliver without paying anything.

In accordance with the wishes of the supervisors Mr. McSweeney filed the following complaints in Judge Seely's court on Thursday. All the offenders are from Palo Alto: Earl and Company, Fuller and Company, Peninsula Coffee Company, and Bixby and Company, grocers and Fairfield Laundry, Palo Alto Steam Laundry, Stanford Dyeing and Cleaning Works, Jap Laundry. They are charged with selling and delivering wares in San Mateo county in violation of ordinance No. 204. All the cases will be vigorously prosecuted. The license under the ordinance is $250 a year. Palo Alto merchants come into Menlo Park and vicinity unmolested but the moment a grocer or any other business man pokes his nose into the city limits of Palo Alto he is arrested. What is sauce for the goose should be sauce for the gander and hereafter the Palo Alto tradesman will have to sell his wares in his own bailwick.

RECOMMENDED BY GRAND JURY

The late grand jury in its recommendation to the county's representatives at Sacramento for the passage of certain laws, paid a neat tribute to County Surveyor James V. Neuman. The jury believes it for the best interest of the taxpayer to take all road construction work from the supervisors and give it to the county surveyor. Many do not approve of this course, however, the tribute paid Mr. Neuman by the jury is well earned and merited by the popular surveyor. The recommendation is as follows:

"We the grand jury of San Mateo county, state of California, recommend that you, as legislators, prepare and try to secure the passage of a bill that will remedy the evil that exists under the present system of road construction and repair. We recommend that all work on the public roads and highways of San Mateo county, whether in course of construction, or for repairs and maintenance, be under the direct supervision of the county surveyor and engineer, or his assistants, and that all claims for road work or for material furnished for public roads shall, before final payment, be examined and approved by him.

WOULD THIS JAR YOU?

How would you like to have two round trip tickets to Honolulu which were eagerly sought because of the desire of so many tourists at this time to visit the Gem of the Pacific? And how would you feel about it on Sunday morning to find out that friend husband had locked them away carefully with the state room reservation and the dining room reservation purchased before hand at a goodly price, in a safe deposit vault in San Francisco that had a time lock on it that wouldn't open until 9 a. m. on Tuesday and your boat was due to leave at 4 o'clock on Monday? Now, wouldn't that make you angry? Well, that was the predicament in which Mr. and Mrs. Jas. W. Eva found themselves. They plumb forgot that Februray 12 was Lincoln's birthday and a holiday and they spent some very anxious moments before they secured duplicate tickets and reservations. But, all's well that ends well, and they sailed off with the members of California Comandry of Knight Templars on the Great Northern. Others from Redwood City were: Mr. and Mrs. W. K. Fletcher, Mr. and Mrs. L. P. Behrens and Miss Luetta Behrens. May they all escape Mal de Mer.

James Bruce came up from Fresno last Sunday to visit his mother and sisters.

Thomas Wilson and family were here from Hollister visiting friends and relatives during the week. They motored up in Mr. Wilson's big touring car.

It was rumored yesterday that the Roden home at Atherton had been sold. The name of Mr. Elijah, who occupied the premises last summer, is associated with the purchase.

Agnes Hightman, young daughter of Mr. and Mrs. Heightman of this place, is very low and is not expected to recover. Attending physicians have very little hope for their patient.

William Hammerson was operated upon for a throat affection at St. Luke's hospital in San Francisco last Wednesday. For some years he has been troubled with his throat and for some time has been delaying the operation.

Should the proposed bond issue for $1,500,000 for good roads by Santa Clara carry next month the Middlefield road will be extended through the lower endif Palo Alto to Sunnyvale. This will have a tendency to relieve the congestion now taking place every Sunday on the highway, then too, it will open up a scenic drive way for the people of the peninsula.

A deed was filed in the county recorder's office on Thursday whereby James Fitzgerald transfers his property in Ringwood Park to Violet I. Foster. The consideration is not given. Mrs. Foster has also bought and adjoining lot from the Doyle Estate Company. Mrs. Foster, who is a daughter of Mrs. Fife, will erect a handsome home on the property during the coming summer. She at one time owned a portion of the Warren school property where she at one time resided

This Saturday night! The last of the really big times before lent at Duff and Doyle hall, Menlo Park. The "Bal Masgue," the noisest, the jolliest, the most elaborate "mardi Gras" the peninsula has yet seen. "The boys are marching" and the girls with them from Mayfield, Palo Alto, Redwood, Woodside and from every nook and corner and hidden vale of the hill lands. Stable and garage room in and around Menlo has been sold out and it is rumored Martin Walsh and James Logan are swearing in deputies to assist them in keeping the highway open for traffic in front of Duff and Doyle hall during the show.

Mrs. Theresa Lewis, mother of Mrs. J. B. Leonard of Menlo Park, passed away at her home in San Francisco Wednesday after an illness of two days. The deceased was a two days. The deceased was a native of Berlin, Germany, aged 70 years. The greater portion of her life was spent in San Francisco having arrived there forty years ago. She often visited her daughter here and was well known and liked. Mrs. Lewis was a lovable, esteemed and honored by all who knew her. The remains of the aged pioneer was cremated at Cypress Lawn cemetery on Friday last. She is survived by Mrs. J. B. Leonard of Menlo Park and Mrs. Charles S. E. Hanni, San Francisco.

The holy season of lent will begin next Wednesday, February 21st. In the Church of the Nativity, Menlo Park, it will open with high mass at 9 o'clock. Immediately before the mass, the solemn blessing and distribution of ashes will be held. Lenten services will be held on each Sunday, Wednesday and Friday evening beginning at 7:45 o'clock. On Sunday evenings, short instructions on particular spiritual needs will be given; on Wednesday evenings, a series of conferences by Rev. Edward Brophy, Chaplain of the U. S. A.; and on Friday evenings the Sorrowful Way of the Cross will be held. The masses on Sundays will be at 8 o'clock and a high mass at 10:30 o'clock. At both masses, each Sunday, a special sermon on the lenten gospels will be preached.

Rev. Edward F. Brophy, Chaplain of the United States army, and formerly for many years engaged in mission and missionary work in the diocese of Brooklyn, N. Y., will deliver a series of sermons in the Church of the Nativity on the Wednesday evenings of lent, beginning next Wednesday, Ash Wednesday, evening. His general theme will be, "Christianity's Solution of Evil." His specific texts are: (1) "And the men of Niniveh believed in God: and they proclaimed a fast and put on sackcloth from the greatest to the least." (2) "For gold and silver are tried in the fire, but acceptable men in the furnace of tribulation." (3) "And they repaid me evil for good and hatred for my love." (4) "If your sins be as scarlet they will be made white as snow; and if they be red as crimson they shall be white as wool." (5) "Where the worm dieth not and the fire is not extinguished." (6) "For we have not here a lasting city but we seek one that is to come." During his missionary work in the diocese of Brooklyn, Father Brophy was recognized as one of the most eloquent and effective preachers of the great metropolis. In view of the many noisy but fundamentally ineffective crusades against evils and imagined evils foisted upon the public these days, Father Brophy's series, setting forth, in sound doctrine and eloquent phrase, the true christian principles for the solution of the evils born of men, will be decidedly welcome. Beginning next Wednesday, each Wednesday evening the service will open at 7:45 o'clock. Catholics and non-Catholics, in and out of Menlo Park are invited to attend.

MRS. MARY KEARSE AT REST

HALFMOON BAY NOTES

W. H. Gray and family, after over a year's residence in Halfmoon Bay, left yesterday for their beautiful new home at Salada Beach to reside permanently.

Congress has authorized the placing of four 6-inch guns at Rockaway. The measure passed both houses of congress last week. Jack Mori's grill will henceforth be amply protected against attacks from German submarines and Japanese raiders.

Mrs. B. A. Griffith was very agreeably surprised last Monday when Mr. and Mrs. Ira Mitchell of Sacramento called on her. Mr. Mitchell is connected with one of the Sacramento banks. Mrs. Mitchell before her marriage was a Miss Hackey. The couple were on the coastside for a short vacation.

Fred Wendt, a promising youth of Halfmoon Bay, has been given an exceptional opening with the American Trading Company of San Francisco. This is a world-wide trading company, and as Fred is a very ambitious boy, he has a splendid and brilliant future before him. His mother, Mrs. C. E. Wendt, will join him in the city, making a home for him there, just as soon as she can sell her pretty little home in Halfmoon Bay, which she is rather loath to do, but realizing she does not want to be too far away from her boy, feels it necessary.

John A. Bettencourt tells us that Bettencourt Bros. of Irish Ridge last week acquired by purchase a thoroughbred Holstein bull for breeding purposes. The boys are raising quite a few cattle and are well aware of the fact that it costs no more to raise blooded stock than it does to grow scrub and that in the former instance the profit is far greater. Our informant likewise said that rainfall in that neighborhood has to date been somewhat greater than in this vicinity during the present season.

Sylvester Andriano, brother of Rev. Father A. Andriano of Halfmoon Bay, and Miss Leonora Cicoletti of San Jose were married in Pillar church Wednesday morning by the pastor. The groom is a young attorney in San Francisco who will some day make his mark in the world. He is no stranger to Halfmoon Bay people, having often delighted audiencese at entertainments for he possesses no small amount of elocutionary talent. The bride is one of the fairest flowers of sunny California. Our best wishes accompany the young couple as they launch out on the sea of matrimony.

Early in the week, D. J. Lynch departed for San Francisco and returned several days later driving his own car, a five-passenger Pullman. Mr. Lynch, for many years the old stage driver between here and San Mateo, before autos were a thing of the moment, knows every road, every delightful picnic corner along the coast, and intends to take auto parties for outings and show off the wonders down this way, instead of running a jitney to San Francisco. Already Mr. Lynch has the offer to conduct parties to Moss Beach for Sunday outings . We all can't own machines, so we are delighted to know that we can reach the places we would like to spend a few hours, without "hiking."
